CONSENT TO CHIROPRACTIC CARE

Chiropractic is recognized as being an effective and safe method of care for many conditions. However you must recognize that there are risks associated with all health care procedures, which you should be informed of.

If you have any questions related to the treatment you are about to receive, please speak to the Chiropractor.
Please read the following carefully:

1. I acknowledge that I have discussed with Dr Ilias Varlokostas/Dr Jessica Mah (or other qualified chiropractor) the rare risks associated with my proposed treatment which include, but are not limited to:

- Muscle or joint soreness/strains
- Headaches, nausea and dizziness
- Fractures (usually rib fractures - generally only occur when bone softening disease in present)
- An exacerbation of the underlying condition

In extremely rare circumstances the following may occur:

- Stroke or stroke like symptoms - approx 1 / 5.85 million (neck manipulation)
Haldeman, et al. Spine vol 24-8 1999

- Strain/injury to a ligament or disc - <1 / 139,000 in the neck or <1 / 62,000 in the low back
Dvorak study in Principles & Practice of Chiropractic, Haldeman. 2nd Ed

2. I acknowledge that I have the opportunity to ask questions about the nature, extent and purpose of the care to be provided and have been given sufficient time to make a decision.
3. I acknowledge that I am aware of and understand the potential risks. I appreciate that like all health care modalities, results are not guaranteed. I understand that symptoms may even deteriorate despite treatment as some cases may not respond favourably to treatment as they are unpredictable and may occur at no fault to the Chiropractor due to a considerable degree of variation in individual patient response.
4. I do not expect the Chiropractor to be able to anticipate all potential risks and complications associated with the proposed care.
5. I hereby consent to and request chiropractic care. Consent includes physical examination, chiropractic spinal and extremity joint manipulation, and or other chiropractic procedures including modes of physical therapy.

AUTHORIZATION FOR DISCLOSURE OF INFORMATION

From time to time, we may use and disclose your medical information to other health professionals, such as medical doctors, specialist doctors, surgeons, radiologists, podiatrists etc. I understand that the specific purpose of this authorization is for furthering my health care.

I voluntarily authorize for my healthcare provider, Dr Ilias Varlokostas / Dr Jessica Mah, to disclose any and all medical or personal information determined necessary, at their discretion.

I understand that permission to use or disclose my medical or personal information may be revoked, in writing, at any time.

Please note: At no time will medical or personal information be used for marketing or advertising purposes.

CLINIC POLICY

As a courtesy to this practice, we would appreciate payment at the time of consultation. SMS appointment reminders will be sent, if you are unable to keep an appointment, prior notice is required. Failure to give sufficient notice may incur a missed appointment fee. Any patient receiving treatment whereby payment is to be made by a third party (eg motor accident claim, workcover) will be personally liable for payment in the event of non-acceptance of the claim.

I hereby agree to pay all costs associated with the recovery of any outstanding accounts should the account fall overdue and be passed to the debt collection agency.

I have read and understood all the above information and give my consent to commence chiropractic care. I understand that I can withdraw my consent at any time.
